WORD 1 OF 5

Prompt

What you type to the AI

A clear prompt gets a clear answer. Say who it's for and what shape you want.

WORD 2 OF 5

Model

The "brain" behind the AI

A program trained on a huge amount of text, so it can predict good answers.

EMPIREX™
WHAT'S NEXT.

WORD 3 OF 5

Hallucination

When AI is confidently wrong

It can make up a fact, a date or a source. Always check important facts.

WORD 4 OF 5

Agent

AI that does the steps for you

Instead of just answering, it can search the web, write a file or build a page.

EMPIREX™
WHAT'S NEXT.

WORD 5 OF 5

Token

How AI reads text

Small pieces of words. Long chats use more tokens, which is why apps have limits.
