RULE 1 OF 6

01

One page is enough

Under 5 years of experience? Fit it on one page. Cut anything that doesn't help for this job.

RULE 2 OF 6

02

Numbers beat adjectives

Show what changed because of you.

NOT THIS

~~Hardworking and good communication skills~~

DO THIS

Handled 40 customer calls a day with a 95% rating

RULE 3 OF 6

03

Use the job post's words

Many companies filter resumes with software first. Use the same skill names the job post uses.

RULE 4 OF 6

04

Keep the layout simple

Skip tables, text boxes and skill bars. Plain headings and bullet points are read correctly everywhere.

RULE 5 OF 6

05

Name the file properly

It's the first thing they see.

NOT THIS

~~resume final new (2).docx~~

DO THIS

Priya_Sharma_Resume.pdf

RULE 6 OF 6

06

Read it out loud

One typo can look careless. Reading aloud catches what your eyes skip.
